

1. День народження матері

Завтра субота. У моєї мами буде день народження! Їй буде тридцять вісім. Але їй на вигляд двадцять! Вона справді так виглядає!

Ми з татом вставатимемо рано вранці, коли мама ще спить. Ми приберемось у будинку та підемо в магазин, щоб купити подарунки для мами. Я не знаю, що ми купимо. Ми побачимо. Але, звичайно, ми будемо купувати квіти. Знаєте, всі жінки люблять квіти! Думаю, ми купимо для неї красиву блузку. Вона любить носити блузки. Ми також будемо купувати щось смачненьке: солодощі, шоколад, морозиво, печиво, яблука, апельсини, банани тощо!

Коли мама встане, ми привітаємо її з днем народження! Ми подаруємо їй подарунки і заспіваємо пісню: "З днем народження тебе".

Мати запросить друзів на день народження. Вони прийдуть увечері близько сьомої години. Мама одягне свою вечірню сукню. Тато теж буде в кращому вигляді. Я одягну свою нову білу сорочку та сині штани. Ми добре проведемо час!

1. Kiev is the capital of Ukraine and one of the oldest cities in Europe, founded at least 1500 years ago. A modern European city is able to surprise anyone - from connoisseurs of natural beauty, architecture and attractions to those who prefer a more eventful and active vacation.

Kiev is built on the slopes of the picturesque Dnieper River, which makes it possible to admire the unique panoramas of the metropolis. Next to a large number of modern skyscrapers, shopping and entertainment and business centers, there are interesting historical buildings, art and architectural monuments, quiet narrow streets with their own history and unique charm. There are many green squares, parks, fountains, museums, universities, temples, theaters, cafes, restaurants and clubs for every taste.

Like every capital, Kiev lives a rich life - it develops, reconstructs, becomes the best, but one thing remains unchanged - the desire to explore this city and each time to discover it from a new side.
